

THE EATONTOWN SEWERAGE AUTHORITY

Municipal Building

47 Broad Street

(732) 389-7605

The Eatontown Sewerage Authority Wants You To Know:

Some Things Just Don't Belong in the Toilet...

Toilets are designed to serve one purpose and you know what we're talking about! The ONLY other thing that should be flushed is toilet paper! When the wrong thing is flushed, results can include costly backups on your own property or problems at the wastewater treatment plant.

Disposable does not mean Flushable

Even if the label reads "flushable," it is safer and more environmentally correct to place the item in a trashcan. "Disposable" items tend to **block your sewer lines**, which can cause costly backups and overflows. And because homeowners are responsible for their property's sewer pipes, improper flushing can cost you money.

Also please don't flush items like:

- Grease, Fats & Oil
- Any type of wipes or diapers
- Rags and towels
- Cotton swabs
- Syringes
- Cleaning sponges
- Toys
- Any plastic items
- Aquarium gravel
- Kitty litter
- Latex gloves
- Cigarette butts
- Condoms
- Feminine hygiene products and applicators
- Hair
- Underwear
- Disposable toilet brushes

Remember:

Whatever ends up in the toilet or down the drain can potentially impact the water environment, so it's really important to keep household wastes such as **cleaning wipes, unused or expired pharmaceutical products, paint thinners, and fats** out of toilets and drains and dispose of them properly. For more information, visit www.wef.org (under Resources click For The Public and then Public Information and scroll down to "Will it Flush" for an informative video).

Visit Our Updated Website

For any questions or concerns, visit our website at www.theesa.org. or contact the Eatontown Sewerage Authority at 732-389-7605. At the moment we are not able to accept payment over the internet, but we plan to add that option in the near future.

And Please Remember –

It's a Toilet, NOT a Trash Can!
