## INDEPENDENT AUDITOR'S REPORT

To the Members of The  
Eatontown Sewerage Authority  
Eatontown, New Jersey

We have audited the accompanying financial statements of The Eatontown Sewerage Authority, (the "Authority"), a component unit of the Borough of Eatontown, New Jersey, as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Eatontown Sewerage Authority as of December 31, 2018 and 2017, and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5 through 8 and 28 through 30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide assurance.

## **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 3, 2019 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control over financial reporting and compliance.

October 3, 2019

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of The  
Eatontown Sewerage Authority  
Eatontown, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of The Eatontown Sewerage Authority, (the "Authority"), a component unit of the Borough of Eatontown, New Jersey, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated October 3, 2019.

## **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain other internal control matters that we have reported to the management of the Authority, in a separate letter dated October 3, 2019.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# Management's Discussion and Analysis

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. Since the Authority is engaged only in business-type activities, its basic financial statements are comprised of two components:

- 1) proprietary fund financial statements
- 2) notes to the financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

Proprietary fund financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the Authority's assets, liabilities and net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is changing.

The statement of revenues, expenses and changes in net position presents information showing how the Authority's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. (For example, goods and services received during the fiscal year for which payment has not been made by the end of the fiscal year). Similarly, revenues and expenses are not reported in this statement for some items that have resulted in cash flows for which the underlying event had not occurred by the end of the fiscal year.

The other required financial statement is the statement of cash flows. The primary purpose of this statement is to provide information about the Authority's cash receipts and cash payments during the reporting period. This statement reports cash receipts and cash payments, and net changes in cash resulting from operations, investing and financing activities, and provides answers to such questions as "where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period?"

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

## **Financial Highlights**

	2018	2017	2018 Over (Under) 2017
<b><u>Assets</u></b>			
Current assets	\$4,787,421	\$4,701,265	\$86,156

### **Capital Assets**

The following provides a summary analysis of capital assets at December 31, 2018 and 2017:

	2018	2017	2018 Over (Under) 2017
Capital assets	\$15,350,930	\$15,257,697	\$93,233
Less, accumulated depreciation	(5,162,411)	(4,895,295)	(267,116)
Net capital assets	<u>\$10,188,519</u>	<u>\$10,362,402</u>	<u>(\$173,883)</u>

Please refer to the notes to the financial statements for additional information relative to the Authority's capital assets.

### **Long-Term Debt**

The following provides a summary analysis of long-term debt at December 31, 2018 and 2017:

	2018	2017	2018 (Under) Over 2017
New Jersey Environmental Infrastructure Trust			
Fund loan payable	\$1,597,680	\$1,766,511	(\$168,831)
New Jersey Environmental Infrastructure Trust			
loan payable	692,000	742,000	(50,000)
Total long-term debt	<u>\$2,289,680</u>	<u>\$2,508,511</u>	<u>(\$218,831)</u>

Please refer to the notes to the financial statements for additional information relative to the Authority's long-term debt.

### **Financial Analysis**

The Authority realized net income in 2018 and 2017 of \$276,357 and \$296,593 respectively. Although the Authority's 2018 gross revenues were slightly higher than prior year levels, the Authority realized a lower net income in 2018 due to overall increases in expenses from 2017 levels.

### **Major Increases and Decrease in Expenses**

The largest expense increase in 2018 was for regional sewerage charges (increased by \$68,587 from 2017).

The largest expense decreases in 2018 were for pension expense (decreased by \$43,221 from 2017) and for post-employment healthcare (decreased by \$42,737 from 2017).

### **Budgetary Highlights**

The Authority did not budget unrestricted net position to balance the 2018 budget. The actual result was an excess in revenues of \$323,154 as follows:

Unrestricted net position anticipated	\$0
Add:	
Expenses under budget	140,136
Revenues over budget	<u>183,018</u>
Excess in revenues	<u><u>\$323,154</u></u>

The excess in revenues is attributable to expenses realized under budgeted amounts and revenues realized over budgeted amounts.

THE EATONTOWN SEWERAGE AUTHORITY  
A COMPONENT UNIT OF THE BOROUGH OF EATONTOWN  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2018 AND 2017

1. REPORTING ENTITY AND GENERAL

The Eatontown Sewerage Authority (the "Authority") is a public body corporate and politic of the State of New Jersey and was created by an ordinance of the Borough of Eatontown adopted February 9, 1955 pursuant to the Sewerage Authorities Law of the State of New Jersey. The Authority was created for the purpose of acquiring, constructing, maintaining, improving and operating facilities for collecting, and disposing of sewage or other wastes.

The Authority provides sanitary sewer service for the Borough of Eatontown and two small areas in the adjacent municipalities of Tinton Falls and Ocean Township. The Authority's sewage is conveyed to and discharged into the system of the Two Rivers Water Reclamation Authority which owns and operates a regional treatment plant facility.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF FINANCIAL STATEMENTS

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed in pronouncements of the Governmental Accounting Standards Board ("GASB") applicable to proprietary funds of state and local governments.

CASH AND CASH EQUIVALENTS

For purposes of the statements of cash flows the Authority considers all highly liquid investments with a maturity of three months or less, when purchased, to be cash equivalents.

BUDGET LAW AND ACCOUNTING

The Authority submits its annual operating and capital budget to the State of New Jersey, Department of Community Affairs, Division of Local Government Services for review and certification. The annual budget may be amended by resolution of the Authority. The budgetary basis of accounting is utilized to determine if the Authority has sufficient cash to operate and pay debt service.

REVENUE RECOGNITION

The Authority recognizes revenue on the accrual basis as earned.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment is stated at cost. Depreciation of fixed assets is determined on a straight-line basis over various economic lives.

RESTRICTED ACCOUNTS

Certain proceeds of the Authority's bonds, as well as certain resources set aside for their repayment, are classified as restricted assets because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

NET POSITION PRESENTATION

The financial statements utilize a net position presentation. Net positions are categorized as invested in capital assets (net of related debt), restricted and unrestricted.

Net investment in capital assets, are capital assets, net of related debt of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds issued to buy, construct, or improve those assets.

Restricted net position result when creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation impose constraints placed on net position use.

Unrestricted net position represents net position of the Authority that does not meet the definition of the two preceding categories.

LONG-TERM OBLIGATIONS

Bonds and loans payable are reported at face value, net of applicable premiums. The current portion of bonds and loans payable represents principal payments to be made in the next year.

LOAN PREMIUMS

Bond and loan premiums are presented as adjustments to the face amount of bonds and loans payable and are amortized into interest expense.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element reflects a decrease in net position that applies to future periods. The Authority reported deferred outflows of resources related to pensions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element reflects an increase in net position that applies to future periods. The Authority reported deferred inflows of resources related to pensions.

3. CAPITAL ASSETS

The Authority records assets based on historical costs and calculates depreciation on capital assets in accordance with GASB Statement No. 34. The Authority capitalizes all assets with a life expectancy of two years or more.

Capital asset activity of the Authority for 2018 and 2017 was as follows:

	Balance December 31, 2017	Additions	Transfers	Balance December 31, 2018
Construction in Progress	\$439,461	\$90,609	(\$520,674)	\$9,396

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

4. CASH AND CASH EQUIVALENTS

New Jersey Authorities are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey Authorities. The Authority is protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA") a supplemental insurance program set forth by the New Jersey Legislature to protect deposits of Authority's. The program is administered by the Commissioner of the New Jersey Department of Banking and Insurance.

Cash includes change funds, cash in banks, savings and money market accounts or highly liquid securities with a maturity date of three months or less at the time of purchase which may be withdrawn at any time without prior notice or penalty. Cash equivalents are defined as short-term, highly liquid securities that are readily convertible to known amounts of cash and so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Generally, only securities with original maturities of three months or less meet this definition. The statement of cash flows includes all cash and cash equivalents.

GUDPA requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits. GUDPA requires that the market value of the collateral must equal five percent of the average daily balance of public funds; or if the public funds deposited exceed seventy five percent of the capital funds of the depository, the depository must provide collateral having a market value equal to one hundred percent of the amount exceeding seventy five percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority's formal policy regarding custodial credit risk is to deposit all of its funds in public depositories protected from loss under the provisions of GUDPA. Public funds owned by the Authority in excess of FDIC insured amounts are protected by GUDPA. As of December 31, 2018 and 2017, the Authority's bank balances were exposed to custodial credit risk as follows:

	<u>December 31, 2018</u>	<u>December 31, 2017</u>
GUDPA Insured and Collateralized with Securities Held by Pledging Financial Institutions	<u>\$3,423,665</u>	<u>\$3,421,258</u>

In addition, as of December 31, 2018 and 2017, the Authority had \$737,595 and \$724,287, respectively, on deposit in the New Jersey Cash Management Fund (the "Fund"). The operations of this Fund are governed by the provisions of the State Investment Council Regulations for the purpose of determining authorized investments.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

5. COMPONENT UNIT STATUS OF THE AUTHORITY

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Since the governing body of the Borough appoints the members of the Authority, and the Authority can provide a financial benefit to or burden on the Borough, the Borough is considered financially accountable for the Authority.

6. LONG-TERM DEBT

On March 10, 2010, the Authority entered into an agreement with the New Jersey Environmental Infrastructure Trust Financing Program to finance improvements to the Authority's collection system and pump stations. The Authority issued \$3,060,880 of Fund Loan Bonds at 0.00% interest and \$1,080,000 of Trust Loan Bonds at interest rates ranging from 3.00% to 5.00%.

At December 31, 2018 loans payable are summarized as follows:

Loans	Issued Amount	Interest Rate (%)	Matures	Amount Outstanding
New Jersey Environmental Infrastructure Trust Fund Loan	\$3,060,880	0.00	2019-2028	\$1,597,680
New Jersey Environmental Infrastructure Trust Loan	1,080,000	3.00-5.00	2019-2029	692,000
Add, unamortized premium				13,733
Total loans payable				2,303,413
Less, loans payable - current				(220,831)
Long-term loans payable				<u>\$2,082,582</u>

The following table summarizes debt service requirements for outstanding loans at December 31, 2018:

Year	Principal	Interest	Total
2019	\$220,831	\$27,680	\$248,511
2020	220,831	25,600	246,431
2021	224,831	23,520	248,351
2022	225,831	21,280	247,111
2023	230,831	19,000	249,831
2024	230,831	16,520	247,351
2025	234,831	14,040	248,871
2026	234,831	11,400	246,231
2027	240,831	8,760	249,591
2028	149,201	5,880	155,081
2029	76,000	3,040	79,040
	<u>\$2,289,680</u>	<u>\$176,720</u>	<u>\$2,466,400</u>

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

7. PENSION PLAN

Description of System

The Authority contributes to the Public Employees' Retirement System ("PERS"), a cost-sharing multiple employer defined benefit pension plans administered by the Division of Pensions and Benefits in the Department of the Treasury, State of New Jersey. The plan provides retirement, death, disability benefits and medical benefits to certain qualifying members and beneficiaries. PERS was established on January 1, 1955 under the provisions of N.J.S.A. 43:15A. PERS issues publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing to the State of New Jersey, Division of Pensions and Benefits.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program ("DCRP") is a cost-sharing multiple employer defined contribution pension fund which was established in 2007 under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. DCRP provides eligible members with a tax sheltered, defined contribution retirement benefit, along with life insurance and disability coverage.

Employee contributions to DCRP are five and one-half percent (5.50%) of base wages. Member contributions are matched by a three percent (3.00%) employer contribution. The Authority's contributions for December 31, 2018 and 2017 were \$642 and \$816, respectively.

Funding Policy

PERS employee contributions were 7.34% of base wages through June 30, 2018. Effective July 1, 2018 PERS employee contributions were 7.50% of base wages. The Division of Pensions actuarially determines employer's contributions annually.

Public Employees Retirement System (PERS)

At June 30, 2018, the State reported a net pension liability of \$973,650 for the Authority's proportionate share of the total net pension liability. The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the Authority's proportion was 0.00494502 percent, which was an increase of 0.00237556 percent from its proportion measured as of June 30, 2017.

At June 30, 2018 and 2017, the State recognized an actuarially determined pension expense of \$91,699 and \$134,259, respectively, for the Authority's proportionate share of the total pension expense. The Authority's actual pension contributions by the Authority for December 31, 2018 and 2017 were \$49,187 and \$44,621, respectively.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

7. PENSION PLAN (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

At June 30, 2018 and 2017, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	2018		2017	
	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources
Difference between expected and actual experience	\$5,020	\$18,568		\$28,407
Changes of assumptions	311,322	160,441	\$242,161	243,052
Net difference between projected and actual earnings on pension plan investments	9,133			8,215
Changes in proportion and differences between Authority contributions and proportionate share of contributions	44,062	87,823		135,064
	<u>\$369,537</u>	<u>\$266,832</u>	<u>\$242,161</u>	<u>\$414,738</u>

Amounts reported as deferred outflows of resources and deferred inflow of resources related to PERS will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	<u>Amount</u>
2019	\$4,739
2020	(6,561)
2021	(47,045)
2022	(40,779)
2023	(13,059)
	<u>(\$102,705)</u>

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

7. PENSION PLAN (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Actuarial Assumptions

The total pension liability for the June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. The total pension liability for the June 30, 2017 measurement date was determined by an actuarial valuation as of July 1, 2016, which was rolled forward to June 30, 2017. These actuarial valuations used the following actuarial assumptions:

	<u>June 30, 2018</u>	<u>June 30, 2017</u>
Inflation Rate	2.25%	2.25%
Salary Increases		
Through 2026	1.65% - 4.15%	1.65% - 4.15%
Thereafter	2.65% - 5.15%	2.65% - 5.15%
Investment Rate of Return	7.00%	7.00%

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. Employees mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the Conduent modified 2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (set back 1 year for males and females) for service retirements and beneficiaries of former members. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from 2012 to 2013 using Projection Scale AA and using a generational approach based on the Conduent 2014 projection scale thereafter. Disability retirement rates used to value disabled retirees were based on the RP-2000 Disabled Mortality Table (set back 3 years for males and set forward 1 year for females).

The actuarial assumptions used in the July 1, 2017 valuation were based on the results of an actuarial experience study for the period July 1, 2011 to June 30, 2014. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

YEARS ENDED DECEMBER 31, 2018 AND 2017

7. PENSION PLAN (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2018) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2018 and June 30, 2017 are summarized in the following table:

<u>Asset Class</u>	June 30, 2018		June 30, 2017	
	Target	Long-Term Expected Real	Target	Long-Term Expected Real
	<u>Allocation</u>	<u>Rate of Return</u>	<u>Allocation</u>	<u>Rate of Return</u>
Cash Equivalents	5.50%	1.00%	5.50%	1.00%
U.S. Treasuries	3.00%	1.87%	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%	10.00%	3.78%

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

7. PENSION PLAN (CONTINUED)

Public Employees Retirement System (PERS) (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 5.66% and 5.00% as of June 30, 2018 and 2017, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal bond rate of 3.87% and 3.58% as of June 30, 2018 and 2017, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2046. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2046, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2018 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower (4.66%) or 1 percentage point higher (6.66%) than the current rate:

	1% Decrease 4.66%	At Current Discount Rate 5.66%	1% Increase 6.66%
Authority's proportionate share of the pension liability	\$1,224,252	\$973,650	\$763,410

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS).

8. COMPENSATED ABSENCES

The Authority permits its employees to accumulate unused sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. The unused sick pay accumulates indefinitely and after fifteen years of service employees will be paid for one-half of their total accumulated unused sick pay, not to exceed 100 days and not to exceed the maximum allowed by the State at the time the employee resigns or retires. The estimated current costs of such unpaid sick pay at December 31, 2018 and 2017 were \$83,716 and \$93,439 respectively.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

9. POST-EMPLOYMENT HEALTHCARE PLAN

Plan Description

The Authority has an agent multiple-employer defined benefit healthcare plan (the “Plan”) with Central Jersey Health Insurance Fund (the “Fund”). The Authority provides medical and prescription benefits to retirees and their spouses that meet certain eligibility requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement 75.

Summary of Benefits

The Plan provides retirees and their dependents medical and prescription benefits provided that they meet the eligibility requirements.

Employees Covered by Benefit Terms

Retired employees	2
Active employees	5
	<hr/>
	7
	<hr/>

Contributions

The contribution requirements of the Authority and Plan members are established and may be amended by the Authority's governing body. Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postemployment medical and prescription coverage who have less than 20 years credible service on June 28, 2011 will be required to pay a percentage of the cost of their health insurance coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible, will be determined based on the retiree's annual retirement benefit and level of insurance coverage.

Net Other Postemployment Benefits (OPEB) Liability

The Authority's total OPEB liability of \$927,297 was measured as of December 31, 2018 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The OPEB liability in the December 31, 2018 actuarial valuation was determined using the following economic actuarial assumptions, an inflation rate of 2.50%, salary increases of 2.50% and various healthcare cost trend rates of 5.80% decreasing to an ultimate rate of 5.00% in 2026. Mortality rates were based on the RP 2000 Combined Healthy Male Mortality Rates set forward three years. The actual assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2018 to December 31, 2018.

NOTES TO FINANCIAL STATEMENTS (Continued)  
YEARS ENDED DECEMBER 31, 2018 AND 2017

9. POST-EMPLOYMENT HEALTHCARE PLAN (CONTINUED)

Discount Rate

The discount rate under GASB 75 should be the single rate that reflects (a) the long-term expected rate of return on plan investments that are expected to be used to finance the benefit payments, to the extent that the plan's fiduciary net position is projected to be significant to make projected benefit payments and the assets are expected to be invested using a strategy to achieve that return and (b) a yield or index rate for 20 year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or an equivalent quality of another scale) to the extent that the conditions in (a) are not met. The discount rate of 4.10% was used for determining the total OPEB liability at December 31, 2018 and was based on the Bond Buyer 20 Index.

Changes in the Total OPEB Liability

Balance January 1, 2018	\$861,928
Changes for the year:	
Service Cost	37,861
Interest Cost	36,796
Benefits Paid	(9,288)
Balance December 31, 2018	<u>\$927,297</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	December 31, 2018		
	1% Decrease 3.10%	At Current Discount Rate 4.10%	1% Increase 5.10%
Net OPEB Liability	\$902,172	\$927,297	\$962,357

The following presents the total OPEB liability of the Authority, as well as what the Authority's total OPEB liability would be if they were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rates:

	December 31, 2018		
	1% Decrease	Healthcare Cost Trend Rate	1% Increase
Net OPEB Liability	\$908,980	\$927,297	\$951,301
